

Strategic Advisors Completes Divestiture Transaction

December 2006

Strategic Advisors served as financial advisor to the sellers of a company that is an industry leader in its field. The Company provides a world class portfolio of point-of-sale products and support services that help retailers automate and manage store level technology. The Company has built its reputation on open standards technology, flexibility and careful, responsive customer service. The Company has deployed and serviced over 300,000 store-level, point-of-sale installations for general, specialty, hospitality, grocery and convenience store retailers in North America . The Company has repeatedly been recognized for its leadership position in its industry. The Company was acquired by a private equity group that will continue to support the Company and its management in maintaining the business as a leading retail technology solutions provider.
